The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

COUNTYWIDE CLASSIFICATION ACTIONS (ALL DISTRICTS - 3 VOTES)

IT IS RECOMMENDED THAT YOUR BOARD:

Approve the accompanying ordinance amending Title 6, Salaries, of the County Code to reflect classification changes and to implement the results of classification studies.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Your Board has instructed the Director of Personnel to submit classification letters on a periodic basis throughout the year to facilitate consideration of classification recommendations in a timely manner. The development and maintenance of the County's classification system is one of the Department of Human Resources' (DHR) primary functions.

Your Board's approval of these recommendations will provide the ordinance authority for County departments to implement the compensation and classification recommendations in this letter.

Implementation of Strategic Plan Goals

Approval of the accompanying ordinance will further the County Strategic Plan, Organizational Effectiveness Goal, to achieve departmental operational needs and to maintain consistency in personnel practices throughout the County.

These classification recommendations will ensure the proper classification of positions based upon the duties and responsibilities assigned to these jobs as performed by the incumbents. This is a primary goal of the County's classification system and a means for the appropriate classification and compensation of the County workforce. Positions reclassified upward, downward, and laterally are consistent with the class concepts of the proposed classifications. These actions are recommended based upon accepted principles of classification and are important in addressing departmental operational needs and in maintaining consistency in personnel practices throughout the County. The proper classification of positions and employees facilitates good business operations and can reduce the number of costly personnel-related problems (Attachments A, B, and C).

Medical Records Coder Study

Two hundred thirty-five (235) supervisory and non-supervisory positions in the Department of Health Services (DHS) were reviewed in conjunction with the countywide Medical Records Coder classification study (Attachment C). These positions are assigned to various DHS medical facilities to perform medical records coding functions. The recommended allocations reflect the expanded duties and responsibilities of the positions related to revenue maximization, as well as increased federal and state regulatory requirements and changing technology in the industry. This action will facilitate the recruitment and retention of critical coding staff and reduce reliance upon contract agency personnel. It will also facilitate the deletion of six (6) classes from the County's Classification Plan.

FISCAL IMPACT/FINANCING

The projected budgeted net County cost resulting from these actions is \$23,392.42 annually based upon salaries as of January 1, 2006. There is no net County cost associated with the Medical Records Coder reclassifications. With the exception of upward reclassifications involving MAPP classes, incumbents of filled positions promoted as a result of upward reclassifications would receive increases of approximately 5.5 percent. Cost increases associated with upward reclassification actions will be absorbed within the Board's adopted budget for each affected department. No additional funding is required.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

New Class

One (1) new class is being created in the County's classification system to better serve departmental needs (Attachment A).

Reclassifications

There are 242 positions in six (6) departments being recommended for reclassification (Attachments B and C). The duties and responsibilities assigned to these positions have changed since the original allocations were made. The positions would be more appropriately classified to the recommended classes.

Authority

The County Charter (Article VI) authorizes the Director of Personnel to establish and maintain "a classification plan and the classification of all positions." This responsibility is further delineated in Civil Service Rule 5 of the County Code.

Approvals

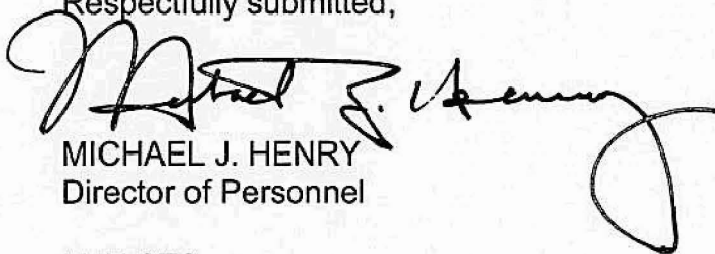

- The Chief Administrative Officer has reviewed these recommendations.
- The Department of Human Resources has initiated consultations with the impacted employee organizations.
- The accompanying ordinance implementing amendments to Title 6, Salaries, of the County Code has been approved as to form by County Counsel.

The Honorable Board of Supervisors

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The Senior Physician, MD serves as chief over the Department of Radiology. This responsibility includes direct oversight and supervision of five (5) radiology sections and approximately 179 subordinate staff. According to the allocation standards, positions allocable to the Chief Physician I class are responsible for directing a medical division of a hospital. Based on the complexities of the services provided, the size and scope of the medical department managed, and the nature and scope of work of the medical and non-medical support staff, we recommend that the position be reclassified upward to Chief Physician I, MD.

The scope, level, and variety of work assigned is consistent with the definition and allocation standards for the Clinic Driver class which operates a vehicle to transport ambulatory patients to and from County hospitals and mental clinics. Therefore, an upward reclassification to Clinic Driver is recommended.
